## Instructions for Installation of ArcGIS:

Prepare your computer:

1. Check our system requirements to make sure your computer has the hardware and software required for the trial.

2. If necessary, install the Microsoft .NET Framework (version 3.5 Service Pack 1 or higher).

3. The software cannot be installed on a computer that has a previous version of ArcGIS Desktop 10.0 or older. If necessary, uninstall previous versions of ArcGIS Desktop or Server. It's OK if the computer has ArcGIS Explorer installed. However, if you are upgrading from 10.1 to 10.2, you will not need to uninstall 10.1. The 10.2 installation will check to see what, if any, previous versions you have and will prompt you to uninstall 10.0 or older if you have those on your machine.
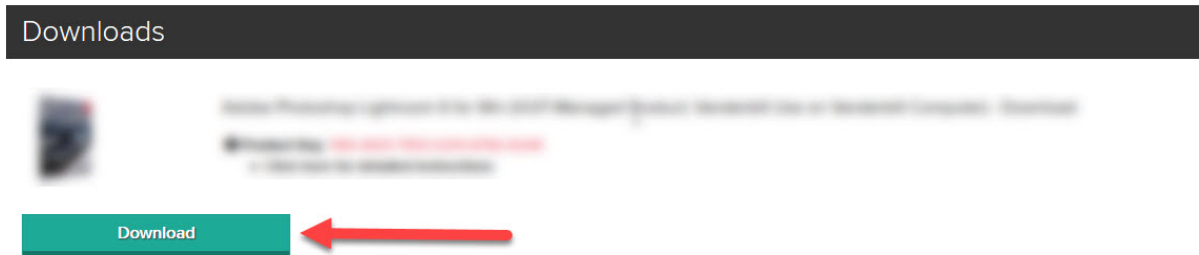

Downloading and Installing the ArcGIS software:

1. Make sure you are using a WINDOWS machine. It will NOT work on Mac.

2. https://it.vanderbilt.edu/software-store/

3. Log in with your VU credentials

4. In the search bar type arcgis

5. Add to your cart and check out

6. Follow instructions (you must download two support software which it prompts you to install).

    a. Click **Download SDM** and use your browser to save the SDM_EN.msi file to your desktop.

    b. Locate the SDM_EN.msi file on your desktop, double-click on it, and click **Run** to begin the SDM installation process.

    c. Follow the prompts to install the SDM.
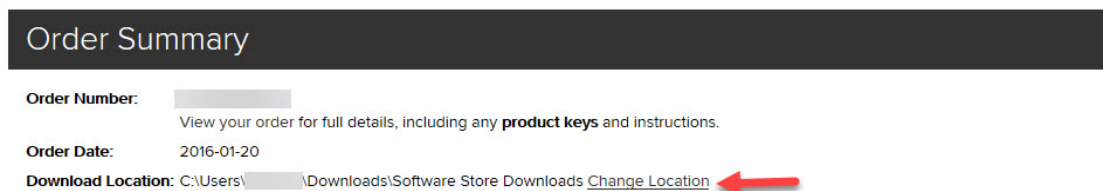

3. Download the .SDX file for your order.

    a. Click **Download .SDX** and use your browser to save the .SDX file to your desktop.

    b. Locate the .SDX file on your desktop, and double-click on it to access the download for your order.

4. Download your order.

    a. Click **Change Location** to change the default path for saving the file you downloaded and navigate to the folder you created in step 1 above.

.

    b. Click **Start Download** to download arcGIS.

c. Click **Launch** to navigate to the file you downloaded. This will open the folder you created in step 1.

5. Install your Software

a. Run the executable file **ArcGIS_Desktop_107_167519** to install ArcGIS for Desktop. The **ArcGIS Desktop Start Guide** will appear. Run **setup** for ArcGIS for Desktop (this should be the first "setup" option you see).

b. The Authorization Wizard will prompt you for a product to authorize; select **ArcGIS Desktop-Advanced (ArcInfo) Single Use**.

c. The Authorization Wizard will prompt you for an authorization code; enter the code found on your Software Store receipt.

For your Authorization Code:

1. In your software store account (drop down Hello, *your name*) and go to the order you just placed.

2. Look for an authorization code EVA####### and copy that

Activate your authorization code, beginning with "EVA".

1. Visit at http://www.esri.com/EducationEdition and choose **I have an ArcGIS Education Edition authorization code**.

2. Log in using your Esri Global Account, or create a new account, if necessary.

3. Enter the authorization code and click **submit**.

4. Your Esri Global Account will allow you to access Esri support forums and ArcGIS Online.
